

# OR Chamber Annual Golf Tournament

by Fayth Ribiero  
OR Chamber of Commerce Director

Your Ocean Reef Chamber of Commerce is winding down another season of service to the members of Ocean Reef and this wonderful community. Our year started with a home show where The Chamber honored more than 40 Ocean Reef Member Veterans of our Armed Forces. On May 15th, we will be closing the season with a golf tournament benefitting local Wounded Warriors through an organization associated with the Ocean Reef Community Foundation.

This local group which helps Wounded Warriors was founded by Ocean Reef Members, **Al Mast** and **Leonard Wood**. None of the donations given to the organization go to administration or other overhead. 100% of the money goes to help the brave people that served our Country. They have recently helped build a

home, purchased special vans, and donated money directly to combat wounded service men and women. For details on many of the great works done by our local Wounded Warriors group, please check out the Chamber website at [OceanReefChamber.org](http://OceanReefChamber.org).

While you are there at our website, please also review the many fine companies associated with our Chamber. The next time you need a product or service here on Ocean Reef, we believe you will be completely satisfied if you "Choose Chamber." All of companies have passed the strict scrutiny of ORCA and each is committed to values required by each member of our community. The Chamber and its members have been serving Ocean Reef for more than 20 years. Every Chamber member cares about doing first quality work as well as giving to this community which has provided so much for all of us.

So come out and play golf with us, be a sponsor, or just make a contribution to our brave local Wounded Warriors. Again, all the details and sign up information can be found at [OceanReefChamber.org](http://OceanReefChamber.org). Help us close the season in a big way by helping those who have done so much for each of us and for our Country.
