

Foundation Seeks Charity Recommendations from Members

The Ocean Reef Foundation is looking to members to recommend the charities they themselves support in the Greater Ocean Reef Community for inclusion on upcoming charity tours that will bring attention to worthy local causes in need.

Based on member recommendations, two tours will be planned this season – one for the Homestead area and one for the Upper Keys. The Ocean Reef Community will be invited to attend the complimentary tours along with members of the Foundation Board and Grants Committee.

If you have a favorite local charity which you believe deserves the consideration and attention of your fellow members and the Foundation, please contact Foundation Administrator Yurianna Mikolay at 367-4707 or e-mail your suggestion to foundation@oceanreef.com.
